DUAL EDUCATION

As a pioneer in this field, since the academic year 2013/2014 T-Systems implements ICT dual education initiative where students receive 70% of practical education.

Average Gross Monthly Salary

Although salaries in the ICT sector are above the Slovak average, in comparison with the rest of the Western EU countries they remain significantly lower and still competitive in the CEE region.

Differences in salaries occur also on a regional level in Slovakia allowing the investors to explore regions outside the main hubs.

at 600 events in U.S. per week

Application allows presenters
directstreaming and participants
to ask questions during
public events

INNOVATRICS

Wide range of application —
from attendance system to
presidential elections

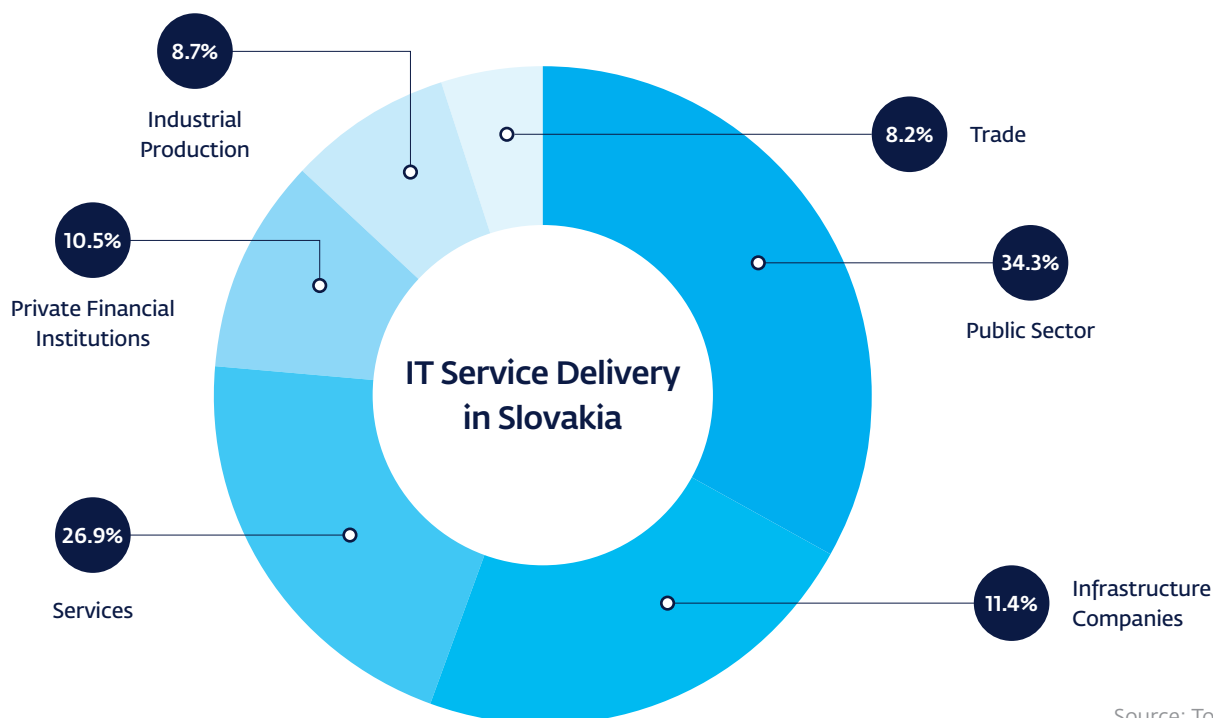

Biometric Software
for identity management
based on fingerprint and face
recognition technology

Inside the Slovak ICT Market

DIVERSIFICATION OF TELECOMMUNICATION SEGMENT

Traditional activities of telecommunication operators are gradually expanding beyond mere provision of telecommunication services. Building a diversified portfolio enriched by internet sales or IT services, such as data centers or software houses, is becoming an integrated part of their business.

The majority of IT services in Slovakia are provided by outsourcing centers and software houses. From the prospective of IT customers, the largest share of the segment is represented by the public sector.
