

SECURING THE FUTURE OF INDUSTRY 4.0: TECHNOLOGY SOLUTIONS OF SLOVAK AND BASQUE CYBERSECURITY PROVIDERS

Dates: Wednesday, 30. September 2020

Location: online

Price: Free/Registration

Organizer: SARIO and Basque Trade & Investment

Contact: Stanislava Plascencia Lubinová E: stanislava.lubinova@sario.sk [1] M: +421 910 828 203
Tomáš Buchtele E: tbuchtele@basquetrade.eus [2] M: +421 220 545 177

The Slovak Investment and Trade Development Agency together with Basque Trade & Investment are pleased to invite you to a webinar on Cybersecurity in Industry 4.0, focused on technology solutions to prevent systems, networks, and technologies from cybernetic attacks.

As businesses are undergoing a major shift towards digitization, even more, traditional sectors have to gradually adopt measures to secure their data, communications, and protect their operations from harmful external, both minor and existential threats.

The webinar will provide room for Slovak and Basque technology companies to identify the latest trends in cybersecurity challenges of securing modern factories and present their unique products and solutions related to Industry 4.0
