

INVESTMENT INCENTIVES IN SLOVAKIA

ELIGIBLE PROJECTS

Investment incentives can be granted for new or established companies in the following types of projects:

- industrial production
- technology centers
- combined project of industrial production and technology center
- shared services centers

There is no legal entitlement to the granting of investment aid and each application is evaluated individually.

ELIGIBLE COSTS

For the purposes of investment aid, the following long-term assets shall be considered as eligible costs:

- purchase of land and buildings acquisition
- construction costs of buildings
- rent of new land and buildings
- purchase of new technology and machinery equipment
- purchase of intangible assets - patents, licenses, know-how etc.
- or
- total wage costs of all new employees calculated over a period of 2 years

All production and technology equipment which is to be included in the eligible costs must be new (never depreciated), acquired under market conditions and manufactured not more than two years prior to its acquisition.

TIME FRAME

The investor has a maximum of 3 years for the project implementation (5 years for large scale projects). In the case of job creation, the investor has a maximum of 6 years to create the new positions (8 years for large scale projects). Work on the project can begin at the earliest after submitting the application of the investment aid to the Ministry of Economy.

FORMS OF INVESTMENT AID

Investment aid is provided in the following forms (provided ex-post):

- corporate income tax relief
- cash grant for tangible and intangible fixed assets
- contribution for newly created jobs
- rent/sale of a real estate in a public ownership at a discounted price

INDUSTRIAL PRODUCTION

In case of industrial production projects, there are conditions of minimum investment amount, the share of new technological equipment on eligible costs and the creation of new jobs depending on the unemployment rate in the district and the applied forms of investment aid.

In case of expansion, there is an obligation to increase production volume or production turnover by at least 15%.
